This 3-day class is a unique opportunity for study within an intimate group in a cozy, retreat environment. **Attendance of three 5-Day seminars is the prerequisite.** Class size is 4-6 students.

Held at the adobe home of Cynthia and Uzi, our course will be one of **total immersion** in the Art of Jin Shin Jyutsu. Even our shared meals and quiet strolls will serve as vehicles for research into the qualities of **the Depths** and elucidations of **Jin Shin Jyutsu Physio-Philosophy**. With our experience of Nature's abundant beauty, we can get to KNOW (and recognize) the qualities we hear in **pulse, body and intuition**.

All will receive a session each day, and each will be our body-reading model once during the class.

Attending via Zoom may be an option (please inquire). Students can opt to practice hands-on as self-care. A shaded outdoor class-space is available, should social-distancing be recommended.

This class will be preceded by a Pulse Listening STC in Santa Fe (August 13-15).
